Unit description

This unit aims to give students an insight into treasury management for non-financial corporations. It will examine cash forecasting and liquidity management, financing, financial risk management, and managing relationships with financial institutions, ratings agencies and within the business. We consider the issues confronting the treasurer today and the changing role of treasury in today's environment. A key focus is how treasury fits within the broader corporation, understanding how and why a corporate treasury differs from financial institutions, how it can add value to the corporation and work to support broader corporate objectives.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

Learning Outcomes

On successful completion of this unit, you will be able to:

Understand the scope of corporate Treasury responsibilities and its role within the broader corporation, and how Treasury can support the business and add value to the corporation.

Identify and implement appropriate strategies to manage key treasury risks, including short term liquidity, interest rate, FX and commodity price risks.

Identify and implement appropriate long term funding strategies.

Understand the importance of accurate short term and long term cash flow forecasts.

Understand, apply and interpret appropriate Treasury management and funding techniques to 'real world' situations.

Understand and identify opportunities for Treasury to engage in broader business activities.

Understand the importance of appropriate systems and governance to protect the integrity of Treasury activities.

General Assessment Information

To pass this unit (requires a Mark of 50 or better) the student must pass the final examination.

Assessment Tasks

Name	Weighting	Hurdle	Due
Group Class Case Study	10%	No	Conducted in class on Sunday
Assignment	30%	No	Refer to iLearn
Final Exam	60%	Yes	Refer to Timetable

Group Class Case Study

Due: Conducted in class on Sunday

Weighting: 10%

Summary of Assessment Task

Individual / Group: Group

Due Date: Lecturer to advise in class

Grading Method: Refer to 'Standards Required to Complete the Unit Satisfactorily' section

Submission Method: During class

Duration: Lecturer to advise in class

Extension Requests:

- If you have extenuating circumstances that prevent you from submitting your assignment by the due date, please make arrangements with your lecturer prior to the due date.
- Unless prior arrangements have been made, any late submission of assignments will
 automatically be penalised. In the absence of special circumstances, the penalty will be
 10% of the available marks for the assessment for each business day (or part thereof)
 they are late.

Other Information: The lecturer will distribute the case study problems during the classes, which will apply concepts learnt during class and from the notes.

Delivery and Resources

CLASSES

Face-to-Face Teaching: Generally 40 hours

Timetable: Detailed timetable for classes are on the Centre's web site www.mafc.mq.edu.au

Consultation Times:

Students who wish to contact any of the teaching staff may do so through:

- The Unit's iLearn site, in relation to general queries (so that all students may benefit); or
- Individual consultation with the lecturer by email in the first instance, if necessary.

REQUIRED AND RECOMMENDED TEXTS AND/OR MATERIALS

Text: Nil

Additional Readings: Unit notes and readings will be supplied, as well as case study materials for class discussion.

Lecture Notes: Available in printed form and electronically via iLearn.

Study Problems: Students are required to work systematically through suggested problem sets. These problems will not be collected but they will help you prepare for the exams. Answers to the problems will be handed out in class.

Pre-Unit Materials: Nil

Useful References: Students should read financial press widely, and have a strong interest in corporate financial activity.

Calculators:

• A basic calculator would be of assistance for the completion of in-class exercises.

 In examinations, hand held calculators are permitted. Mobile phones and computers are not permitted.

Assumed Knowledge: Students are expected to be familiar with relevant material from the Financial Risk Management Unit. Students should look at the Web link below to obtain notes on the minimum mathematical and statistical knowledge required to undertake the Master of Applied Finance degree: http://www.mafc.mq.edu.au/applications/minimum-knowledge-requirement/pre-course-materials1/

Assumed Access: Access to a computer with word processing and spreadsheet capability is assumed, as is general student computer literacy.

TECHNOLOGY USED AND REQUIRED

Unit iLearn Site:

- Found by logging on to iLearn ilearn.mq.edu.au, then clicking on *Corporate Treasury Management.*
- This is where you will find forums, downloadable resources and links to important pages.
- The forum allows you to communicate with other students and lecturer(s) and may provide supplementary material.
- You are requested to post your questions on the forums at least 24 hours prior to the
 assignment submission date or the examination date. Questions posted after that time
 may not be answered. Please try to not leave your questions to the last few days.

Laptops: A laptop per group would be beneficial to enable students to present the results of the in-class case study.

Notes: Additional subject notes may be distributed during classes to students attending (where relevant).

Important Notice:

- It is important that you familiarize yourself with the Unit's iLearn site.
- The lecturer will advise during the class about the distribution of material (such as additional notes, assignment, and case studies), that may appear on the Course iLearn site, if relevant.
- Students should check the Unit's iLearn site regularly (minimum twice a week and prior
 to all lectures) and look for updates and distribution of materials (including case studies)
 related to the unit or assessments and, if relevant, participate in forum discussions.

Unit Schedule

This course is intended to give students a working understanding of the day-to-day activities and issues facing a corporate Treasury. Learning and Teaching Activities

Strategy

The Master of Applied Finance degree adopts a deep teaching and learning strategy, in which Students acquire and retain knowledge and also are able to make sense of the issues and concepts and apply them in the "real world". The degree relies heavily on student engagement and participation by: (a) Continuous learning throughout the semester. This is encouraged through a combination of students undertaking prescribed reading throughout the units and / or completion of practice problems, case studies, assignments, class presentations etc and interaction via forums in the unit's iLearn site; and (b) Assessments, which enable the student to demonstrate his / her understanding of the learning objectives achieved through the continuous learning.

Student Participation

Students participate in this unit by: (a) Attending lectures and participating in class discussion; (b) Before each class, completing the recommended readings of notes and text, and working systematically through suggested problem sets; (c) Interacting on the unit's iLearn site; and (d) Completing all assessment tasks and exams. On average the unit will require students to complete, for every hour of class time, approximately 3 hours private study.

Graduate Capabilities

PG - Capable of Professional and Personal Judgment and Initiative

Our postgraduates will demonstrate a high standard of discernment and common sense in their professional and personal judgment. They will have the ability to make informed choices and decisions that reflect both the nature of their professional work and their personal perspectives.

This graduate capability is supported by:

Learning outcomes

- Understand the scope of corporate Treasury responsibilities and its role within the broader corporation, and how Treasury can support the business and add value to the corporation.
- Identify and implement appropriate strategies to manage key treasury risks, including short term liquidity, interest rate, FX and commodity price risks.
- Identify and implement appropriate long term funding strategies.
- · Understand the importance of accurate short term and long term cash flow forecasts.
- Understand, apply and interpret appropriate Treasury management and funding techniques to 'real world' situations.
- Understand and identify opportunities for Treasury to engage in broader business activities.
- Understand the importance of appropriate systems and governance to protect the integrity of Treasury activities.

Assessment tasks

- Group Class Case Study
- Assignment
- Final Exam

PG - Critical, Analytical and Integrative Thinking

Our postgraduates will be capable of utilising and reflecting on prior knowledge and experience, of applying higher level critical thinking skills, and of integrating and synthesising learning and knowledge from a range of sources and environments. A characteristic of this form of thinking is the generation of new, professionally oriented knowledge through personal or group-based critique of practice and theory.

This graduate capability is supported by:

Learning outcomes

- Understand the scope of corporate Treasury responsibilities and its role within the broader corporation, and how Treasury can support the business and add value to the corporation.

Changes from Previous Offering

The Unit Schedule of this Unit Guide was updated in August 2015.

Important Notice

This Unit Guide may be subject to change. The latest version is on the Centre's web site www.m afc.mq.edu.au.

Students should read the Unit Guide carefully at the start of semester. It contains important information about the unit. If anything is unclear, please consult one of the unit lecturers.

Standards Required to Complete the Unit Satisfactorily

University Policy on Grading:

- Macquarie University's Academic Senate has established a Grading Policy available at http://www.mq.edu.au/policy/docs/grading/policy.html. Your final result will include:
 - A Grade ranging from Fail to High Distinction; and
 - A numerical Mark, which is a summation of the individual assessment components, providing the examination component is passed.
- It is important to note:
 - The Policy does not require that a minimum or maximum number of students are to be failed in any unit;
 - Grades will not be allocated to fit a predetermined distribution; and
 - Grades for all individual assessment items will be released to students, but Marks may not necessarily be released.

Specific Unit Grading:

- To pass this unit (requires a Mark of 50 or better) the student must pass the final examination.
- All final Marks and Grades in the Applied Finance Centre are determined by a grading committee and are not the sole responsibility of the unit convenor.

- The core criteria used to assess student work in this unit are:
 - Knowledge and understanding: Understanding key ideas, knowledge and use of concepts.
 - Application: Ability to apply theoretical ideas and frameworks in practice and in a critically reflective way.
 - Reasoning and analysis: Ability to analyse, use critical reasoning and principles to formulate a position, balancing theory and personal reflection.
 - Professional literacy and research: Understanding of professional factors
 (language and landscape) and ability to undertake appropriate research.
 - Communication and presentation: Ability to communicate and present effectively (written and oral, as relevant).
 - Use of mathematical and statistical ideas: Ability to use mathematical and statistical ideas, methods and formulae appropriately.
- Performance in relation to each of these criteria are assessed against the University's grading descriptors:

Grade	Expectation
High Distinction	Provides consistent evidence of deep and critical understanding in relation to the learning outcomes. There is substantial originality and insight in identifying, generating and communicating competing arguments, perspectives or problem solving approaches; critical evaluation of problems, their solutions and their implications; creativity in application as appropriate to the discipline.
Distinction	Provides evidence of integration and evaluation of critical ideas, principles and theories, distinctive insight and ability in applying relevant skills and concepts in relation to learning outcomes. There is demonstration of frequent originality in defining and analysing issues or problems and providing solutions; and the use of means of communication appropriate to the discipline and the audience.
Credit	Provides evidence of learning that goes beyond replication of content knowledge or skills relevant to the learning outcomes. There is demonstration of substantial understanding of fundamental concepts in the field of study and the ability to apply these concepts in a variety of contexts; convincing argumentation with appropriate coherent justification; communication of ideas fluently and clearly in terms of the conventions of the discipline.
Pass	Provides sufficient evidence of the achievement of learning outcomes. There is demonstration of understanding and application of fundamental concepts of the field of study; routine argumentation with acceptable justification; communication of information and ideas adequately in terms of the conventions of the discipline. The learning attainment is considered satisfactory or adequate or competent or capable in relation to the specified outcomes.
Fail	Does not provide evidence of attainment of learning outcomes. There is missing or partial or superficial or faulty understanding and application of the fundamental concepts in the field of study; missing, undeveloped, inappropriate or confusing argumentation; incomplete, confusing or lacking communication of ideas in ways that give little attention to the conventions of the discipline.

Review of Grade and final examination Script viewing:

 A student who has been awarded a final grade for a unit and who does not believe it is an accurate reflection of their performance, and has grounds for such a claim and can demonstrate those grounds, may apply to have their grade reviewed. For information on requesting a review of grade and/or viewing your final exam script,
please refer to the University's Grade Appeal Policy at http://www.mq.edu.au/policy/docs/gradeappeal/policy.html and MAFC Program Rules & Procedures at http://www.mafc.mg.edu.au.
