General Assessment Information

Submission of assignments

All written assignments must be submitted using the “Turnitin Assignments” facility on the iLearn website. This facility includes software which scans the uploaded assignments for plagiarism. Follow the instructions on the screen carefully. Your assignment should be uploaded before midnight on the due date.

In all cases, you should ensure that you keep a copy of the assignment.

Please use the topic and chosen question in the title of your document, rather than your own name.

Return of marked work

Marked assignments will be returned via the same facility on iLearn. When marks are released, you will need to go back in to the assignment submission box, and open your uploaded assignment. When you click on the “GradeMark” button, you will be able to see the marker’s comments on your work. You can save or print the essay with the comments.

Extensions

Extensions will only be granted in exceptional circumstances, and appropriate supporting documentation must be submitted. If you require an extension, you must contact the convenor by email before the assessment due date.

Penalty for late work

Unless a Special Consideration request has been submitted and approved, (a) a penalty for lateness will apply – 2 marks out of a total of 100 will be deducted per day for assignments submitted after the due date – and (b) no assignment will be accepted more than seven days (incl. weekends) after the original submission deadline. No late submissions will be accepted for timed assessments – e.g. quizzes, online tests.
