Unit description

This unit examines the financial reporting framework within which accountants operate. The detailed financial reporting requirements for entities leading to the preparation of group financial reports in accordance with International Financial Reporting Standards (IFRS) are examined. The unit deals with the nature of reporting for specialised entities including not-for-profits and small to medium sized enterprises. The unit also explores in more depth the role of the accountant as a financial analyst and adviser through an assessment of the financial performance and position of entities, and the accountant's role in assessing and advising on the implications of accounting regulations on corporate reporting.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

- Discuss the professional and ethical duties of accountants
- Evaluate the financial reporting conceptual framework
- Prepare the financial statements of groups of entities in accordance with relevant International Financial Reporting Standards
- Appraise, advise on and report the financial performance and financial position of entities
- Explain reporting issues relating to specialised entities
- Evaluate current developments and discuss the implications of changes in accounting regulation on financial reporting

<u>Research assignment</u>	20%	No	30 April 2018
<u>Exam</u>	55%	No	To be advised

Assessed coursework

Due: **Throughout**

Weighting: **10%**

Homework exercises form a critical part in the study process, as they serve to reinforce concepts that are covered in class or online. Students have often failed a unit as they do not follow a disciplined approach over the session. To this end, students will be required to attend seminars with their attempts. The teaching staff will check during class time that these are satisfactorily attempted.

Lecturer will collect exercises on five (5) occasions at the beginning of the class, without prior notice. Marks are awarded for the completeness and evidence that corrections are made as appropriate during class-time.

The homework component will be worth 7.5%, with each submission counting for 1.5%. The remaining 2.5% will be based on your seminar participation, which may include your engagement and input in class. For example, this may involve providing constructive comments to your peers' presentations and how you interact with your peers by participating in open discussions on relevant issues during the informal part of the seminar.

On successful completion you will be able to:

- Discuss the professional and ethical duties of accountants
- Evaluate the financial reporting conceptual framework
- Prepare the financial statements of groups of entities in accordance with relevant International Financial Reporting Standards
- Appraise, advise on and report the financial performance and financial position of entities
- Explain reporting issues relating to specialised entities
- Evaluate current developments and discuss the implications of changes in accounting regulation on financial reporting

Take home test

Due: **9 April 2018**

Weighting: **15%**

This assessment is a one hour diagnostic summative assessment designed to let you demonstrate the knowledge and skills you have attained in the first four sessions. This will be a take home test. Further information will be provided on ilearn and in class.

Extensions

There are no extensions for this assessment. Students must sit the test at the designated time

Penalties

Students not attending the class test will be given a 0 grade. This penalty does not apply for

cases in which an application for special consideration is made and approved.

On successful completion you will be able to:

- Discuss the professional and ethical duties of accountants
- Evaluate the financial reporting conceptual framework

Research assignment

Due: **30 April 2018**

Weighting: **20%**

Research assignment on financial reporting disclosures. Further information provided on iLearn

Extensions

No extensions will be granted. Late tasks will be accepted up to 72 hours after the submission deadline.

Penalties

There will be a deduction of 10% of the total available marks made from the total awarded mark for each 24 hour period or part thereof that the submission is late (for example, 25 hours late in submission – 20% penalty). This penalty does not apply for cases in which an application for special consideration is made and approved.

On successful completion you will be able to:

- Explain reporting issues relating to specialised entities
- Evaluate current developments and discuss the implications of changes in accounting regulation on financial reporting

Exam

Due: **To be advised**

Weighting: **55%**

The exam is a summative assessment designed to let you demonstrate the knowledge and skills you have attained in the previous three formative assessments.

A three hour 15 minute examination for this unit will be held at a time and place to be advised on iLearn. Further details about the final exam for this unit will be available in the final week of classes and also on the unit web page (iLearn).

The only exception to not sitting an examination at the designated time is because of documented illness or unavoidable disruption. In these circumstances you may wish to consider applying for Disruption to Studies. The University's policy on Disruption to Studies is available at

http://www.mq.edu.au/policy/docs/disruption_studies/policy.html

On successful completion you will be able to:

- Discuss the professional and ethical duties of accountants
- Evaluate the financial reporting conceptual framework
- Prepare the financial statements of groups of entities in accordance with relevant International Financial Reporting Standards
- Appraise, advise on and report the financial performance and financial position of entities
- Explain reporting issues relating to specialised entities
- Evaluate current developments and discuss the implications of changes in accounting regulation on financial reporting
