Unit description

This unit is intended to provide students with hands-on arts management experience within the creative and cultural industries. Through project-based and work-integrated learning activities, this unit integrates academic and industry knowledge in order to maximise students' employability in this sector. In order to fulfil the requirements of this unit, students undertake a 45 hour (minimum) Internship/PACE activity working under supervision. Students choose from 3 options for this unit. Option 1 involves student-initiated placements; students can source their own Internship/PACE activity and propose this to the University for approval. Option 2 features University-assisted placements; the University can assist students with opportunities. Option 3 involves PACE partners being invited onto campus to work with student groups on a project the group(s) have been assigned by the partner organisation(s).

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

Develop professional, creative and practical skills based on the requirements of the workplace/community/industry.

Formulate creative problem-solving strategies to deal with issues such as: working within a limited budget; functioning in a team with people from a variety of professional backgrounds and negotiating unexpected hurdles.

Critically appraise the placement and observe how it fits in its sector.

Reflect on your personal development during the internship and your progression to employment.

Demonstrate an ability to conduct research that integrates disciplinary knowledge with collaborative learning activities situated in real environments.

General Assessment Information

Late submission of work:

Unless a Special Consideration request has been submitted and approved, (a) a penalty for lateness will apply – two (2) marks out of 100 will be deducted per day for assignments submitted after the due date – and (b) no assignment will be accepted more than seven (7) days (including weekends) after the original submission deadline. No late submissions will be accepted for timed assessments – e.g. quizzes, online tests.

Assessment Tasks

Name	Weighting	Hurdle	Due
Diary & Logsheets	40%	No	Weekly (throughout semester)
Report & Presentation	60%	No	Wk13 Report 5/11 Pres 6/11

Diary & Logsheets

Due: **Weekly (throughout semester)**

Weighting: **40%**

1. iLearn Diary

Due dates: 11:59pm, Friday of every week - commencing Week 2 until Friday Week 12 (11 entries in total)

Each week students are required to post a 300 word diary entry on the unit iLearn site. This reflective task is designed to enhance the coherence, quality and viability of your program of study. To help guide these responses, a weekly topic or question/s will be provided and students

are also encouraged to draw from the ideas discussed in the unit readings to add further depth and context to diary entries.

Each diary entry will briefly outline the activities you undertook towards or for your placement during that week, and make at least one critical observation about your placement. This may be, for example, an achievement, a difficulty you faced, or something you learned about arts management and the creative industries in general; it may also be something you will reflect on later in the 'Presentation & Report' task. The purpose of this task is to encourage ongoing reflection while you are preparing for or undertaking your placement and to assist you in achieving a number of graduate outcomes by ensuring program breadth and context as well as depth as key parts of this transformational learning experience.

This is also one of the systems that the unit convenor has put in place to monitor and detect when something has gone wrong with your placement. It is therefore of utmost importance that you complete this task across the semester.

Please be advised that any workplace bullying and resulting psychological damage should be included. The University has a duty of care for you and therefore this is one of the work placement safety monitoring systems that has been put in place for you. Please also note that this is not the only system, so if anything problematic occurs during your placement, you are required to contact the unit convenor immediately on andrew.robson@mq.edu.au

2. Log sheet

All students must hand in a completed log sheet (available on iLearn under Assessments) which has been signed by the placement supervisor to show they have completed the 45 hour minimum requirement. This must be included with the Final 'Report' in Week 13.

Marking criteria:

1. Demonstrated ability to reflect critically on the activities undertaken as part of the PACE placement
2. Demonstrated ability to connect the weekly topic/question and unit readings to practical experiences
3. Ability to critically and analytically discuss employability and the extent to which individual PACE activities are contributing to this goal
4. Appropriate academic writing and referencing

On successful completion you will be able to:

- Develop professional, creative and practical skills based on the requirements of the workplace/community/industry.
- Formulate creative problem-solving strategies to deal with issues such as: working within a limited budget; functioning in a team with people from a variety of professional

backgrounds and negotiating unexpected hurdles.

- Critically appraise the placement and observe how it fits in its sector.
- Reflect on your personal development during the internship and your progression to employment.
- Demonstrate an ability to conduct research that integrates disciplinary knowledge with collaborative learning activities situated in real environments.

Report & Presentation

Due: **Wk13 Report 5/11 Pres 6/11**

Weighting: **60%**

Report Due Date: 11:59pm Monday 5 November, 2018 (uploaded to iLearn)

Presentation Due Date: Tuesday 6 November 2018 (individual presentation time to be advised)

Task Description: This assessment task is worth a total of 60% and is in two parts:

1. A report of 1500 words (inclusive of references and in-text citations) due week 13 40%
2. A five minute oral presentation of the report also due in week 13 20%

Report Question:

In what ways has your internship with _____ (your organization) contributed to your understanding of Australia's 'creative industries'?

In this assessment task you are asked to focus on issues raised during your internship and situate these in a broader cultural context. Your report and presentation can focus on a particular area of interest or offer a more general appraisal of your organization's activities. Consider topics such as:

- funding (government and/or philanthropic)
- the use of traditional and social media
- audience engagement
- the diversification of income streams
- long term planning

In addition to the unit readings it is expected that students will draw on a range of resources specific to their chosen area.

Report Marking Criteria

1. Clarity of expression
2. Report structure
3. Appropriate argument
4. Ability to relate ideas to readings and independent research
5. Appropriate academic sources and referencing - Reports must include a minimum of five

(5) scholarly sources

Presentation Marking Criteria

1. Clarity of expression
2. Ability to summarise the report in an oral presentation
3. Effective use of audio/visual aids
4. Ability to stay within allowed time (five mins)

On successful completion you will be able to:

- Develop professional, creative and practical skills based on the requirements of the workplace/community/industry.
- Formulate creative problem-solving strategies to deal with issues such as: working within a limited budget; functioning in a team with people from a variety of professional backgrounds and negotiating unexpected hurdles.
- Critically appraise the placement and observe how it fits in its sector.
- Reflect on your personal development during the internship and your progression to employment.
- Demonstrate an ability to conduct research that integrates disciplinary knowledge with collaborative learning activities situated in real environments.

Delivery and Resources

In addition to the mandatory 45 hours (minimum) of the internships, MMCS321 students are required to attend three two-hour seminars during the semester.

These will be held on **Tuesdays in Week 2 (7/8), Week 8 (2/10) and Week 13 (6/11)**.

Attendance at these three seminars is compulsory.

Please refer to your timetable for seminar venue and start time.

Graduate Capabilities

Creative and Innovative

Our graduates will also be capable of creative thinking and of creating knowledge. They will be imaginative and open to experience and capable of innovation at work and in the community. We want them to be engaged in applying their critical, creative thinking.

This graduate capability is supported by:

Learning outcomes

- Develop professional, creative and practical skills based on the requirements of the workplace/community/industry.
- Formulate creative problem-solving strategies to deal with issues such as: working within a limited budget; functioning in a team with people from a variety of professional backgrounds and negotiating unexpected hurdles.
- Critically appraise the placement and observe how it fits in its sector.
- Reflect on your personal development during the internship and your progression to employment.
- Demonstrate an ability to conduct research that integrates disciplinary knowledge with collaborative learning activities situated in real environments.

Assessment tasks

- Diary & Logsheets
- Report & Presentation

Capable of Professional and Personal Judgement and Initiative

We want our graduates to have emotional intelligence and sound interpersonal skills and to demonstrate discernment and common sense in their professional and personal judgement. They will exercise initiative as needed. They will be capable of risk assessment, and be able to handle ambiguity and complexity, enabling them to be adaptable in diverse and changing environments.

This graduate capability is supported by:

Learning outcomes

Problem Solving and Research Capability

Our graduates should be capable of researching; of analysing, and interpreting and assessing data and information in various forms; of drawing connections across fields of knowledge; and they should be able to relate their knowledge to complex situations at work or in the world, in order to diagnose and solve problems. We want them to have the confidence to take the initiative in doing so, within an awareness of their own limitations.

This graduate capability is supported by:

Learning outcomes

- Develop professional, creative and practical skills based on the requirements of the workplace/community/industry.
- Formulate creative problem-solving strategies to deal with issues such as: working within a limited budget; functioning in a team with people from a variety of professional backgrounds and negotiating unexpected hurdles.

Engaged and Ethical Local and Global citizens

As local citizens our graduates will be aware of indigenous perspectives and of the nation's historical context. They will be engaged with the challenges of contemporary society and with knowledge and ideas. We want our graduates to have respect for diversity, to be open-minded, sensitive to others and inclusive, and to be open to other cultures and perspectives: they should have a level of cultural literacy. Our graduates should be aware of disadvantage and social justice, and be willing to participate to help create a wiser and better society.
