## General Assessment Information

Indicative examples of assessment tasks will be available on iLearn.

Assessment tasks are accepted past the due date in cases of documented Special Consideration. There is no resubmission of individual assessment tasks during the teaching session, however students can seek clarification of their marks and additional feedback from their tutor, and if not satisfied with the result of that discussion can consult with the convenor and request moderation if their submission has not already been part of the moderation sample. Indicative samples/exemplars and/or selections of content/genre type and/or activity patterns are provided in iLearn to further guide students on standards and approach to assessment tasks, along with marking criteria/rubrics.

## Late Assessment Penalty

Unless a Special Consideration request has been submitted and approved, (a) a penalty for lateness will apply – two (2) marks out of 100 will be deducted per day for assignments submitted after the due date – and (b) no assignment will be accepted more than seven (7) days (incl. weekends) after the original submission deadline. No late submissions will be accepted for timed assessments – e.g. quizzes, online tests.
