Understand and explain in a group presentation how one or more finance concepts in this unit relate to corporate finance practice

Demonstrate an understanding of the basic concepts of finance, including risk and return, financial instruments, cost of capital, and capital structure

Organise and actively participate in a project to report on an aspect of finance and financial reporting

## General Assessment Information

### Gradebook

It is the responsibility of students to view their marks for each within session assessment on iLearn within 20 working days of posting. If there are any discrepancies, students must contact the unit convenor immediately. Failure to do so will mean that queries received after the release of final results regarding assessment marks (not including the final exam mark) will not be addressed.

### Assessment Criteria

Assessment criteria for all assessment tasks will be provided on the unit iLearn site.

### Late submission or non-attendance penalties

Tasks 10% or less – No extensions will be granted. Students who have not submitted the task prior to the deadline will be awarded a mark of 0 for the task, except for cases in which an application for special consideration is made and approved.

Tasks above 10% - No extensions will be granted. There will be a deduction of 10% of the total available marks made from the total awarded mark for each 24 hour period or part thereof that the submission is late (for example, 25 hours late in submission – 20% penalty). This penalty does not apply for cases in which an application for special consideration is made and approved. No submission will be accepted after solutions have been posted.

## Assessment Tasks

Name	Weighting	Hurdle	Due
<u>Class Tests</u>	15%	No	Weeks 3 and 10
<u>Group Assignment</u>	20%	No	Week 11
<u>Final Examination</u>	55%	No	Examination period
<u>Presentations</u>	10%	No	Throughout

## Class Tests

Due: **Weeks 3 and 10**

Weighting: **15%**

A class test focusing on the material taught in Weeks 1 to 2 will be held in the lecture in Week 3, and returned to students during Week 4. Please use the first class test as an indicator of whether you are progressing satisfactorily in the unit. If you are having difficulties, please see the Unit Convenor and consider withdrawing before the census date.

A class test focusing on the material taught in Weeks 5 to 8 will be held in the lecture in Week 10 and returned to students during Week 11.

Unless otherwise specified by the Lecturer, the Class Tests are closed book assessments.

On successful completion you will be able to:

- Demonstrate an understanding of the basic concepts of finance, including risk and return, financial instruments, cost of capital, and capital structure

## Group Assignment

Due: **Week 11**

Weighting: **20%**

This task must be submitted electronically via iLearn.

Every student must participate in the group assignment and report so that individual student contribution to the group report can be identified. Each member of a group will be required to complete an assessment of the contributions of individual members.

More details will be provided on iLearn at the beginning of the semester.

In addition to this 20% unit weighting, a further direct assessment on the assignment will be made as a part of the Final Examination.

On successful completion you will be able to:

- Demonstrate an understanding of the process of financial reporting and the interpretation of financial reports
- Organise and actively participate in a project to report on an aspect of finance and financial reporting

## Final Examination

Due: **Examination period**

Weighting: **55%**

A two hour final examination for this unit will be held during the University Examination period.

You are permitted ONE A4 page of paper containing reference material printed on both sides. The material may be handwritten or typed. The page will not be returned at the end of the final examination.

On successful completion you will be able to:

- Demonstrate an understanding of the process of financial reporting and the interpretation of financial reports
- Understand and explain in a group presentation how one or more finance concepts in this unit relate to corporate finance practice
- Demonstrate an understanding of the basic concepts of finance, including risk and return, financial instruments, cost of capital, and capital structure

## Presentations

Due: **Throughout**

Weighting: **10%**

Throughout the semester, students will present in groups of 3 to 5 students on given topics that link the unit material to real world issues and problems.

Every student must participate in the group presentations and report so that individual student contribution to the group presentations and report can be identified. Each member of a group will be required to complete an assessment of the contributions of individual members.

On successful completion you will be able to:

- Demonstrate an understanding of the process of financial reporting and the interpretation of financial reports
- Understand and explain in a group presentation how one or more finance concepts in this unit relate to corporate finance practice
- Demonstrate an understanding of the basic concepts of finance, including risk and return, financial instruments, cost of capital, and capital structure
