## General Assessment Information

Assessment tasks are accepted past the due date in cases of documented Special Consideration. There is no resubmission of individual assessment tasks during the teaching session, however students can seek clarification of their marks and additional feedback from their tutor, and if not satisfied with the result of that discussion can consult with the convenor and request moderation if their submission has not already been part of the moderation sample. Indicative samples/exemplars and/or selections of content/genre type and/or activity patterns are provided in iLearn to further guide students on standards and approach to assessment tasks, along with marking criteria/rubrics.

## Late Assessment Penalty

Unless a Special Consideration request has been submitted and approved, (a) a penalty for lateness will apply – two (2) marks out of 100 will be deducted per day for assignments

submitted after the due date – and (b) no assignment will be accepted more than seven (7) days (incl. weekends) after the original submission deadline. No late submissions will be accepted for timed assessments – e.g. quizzes, online tests.

## Delivery and Resources

### Delivery:

Day, External, Online

### This unit will use:

iLearn, Echo360.

Students must have regular access to a reliable internet connection, and intermediate computer skills including audio recording, file upload, and online communication etiquette.

Mobile devices alone are not sufficient as you will require a desktop or laptop computer for some tasks, ideally with a browser that supports Flash and npapi (Java) (now not supported by CHROME).

For students attending classes on campus we encourage that you bring along your own laptop computer as instructed by tutors/indications in the iLearn weekly syllabus, ready to work with activities in your online unit when required. The preferred operating system is Windows 10.

Students are required to access the online unit in iLearn by the end of Week 1 and follow any relevant instructions and links for downloads/language set up that may be required. If applicable, students are required to download the relevant language package prior to Week 2.

Please contact your course convenor before the end of Week 1 if you do not have a suitable laptop (or tablet) for in-class use.

**Required resources:**

Spaine Long et al, Nexos 4edn print edition + online access card for Nexos iLrn Heinle Learning Center

**OR**

Online access card for Nexos 4edn iLrn Heinle Learning Center alone (includes eBook access). (Purchase card from Co-op or purchase direct from Australian Cengage website [cengagebrain.com.au](http://cengagebrain.com.au).)

Students MUST bring the textbook to class or a device allowing them to view the eBook.

**Recommended:**

We also expect you to develop good dictionary skills using websites like [wordreference.com](http://wordreference.com) and [rae.es](http://rae.es). Google Translate and similar machine translation tools are not adequate dictionaries for language study as they omit context, don't give functional examples of language in use, and often provide the wrong word if the student doesn't know what they are looking for (e.g. nouns instead of verbs).

For students who do not have a sound foundation of basic grammatical knowledge we recommend, in addition to consulting MQ Learning Skills Advisers or completing MQ grammar workshops, the following text:

E. Spinelli, *English Grammar for Students of Spanish*.

**Times and Locations** for Practicals and Seminars: Please consult the MQ Timetables Website: <http://www.timetables.mq.edu.au>

You should be enrolled in a stream with a matching class number for the Practical and Seminar.
