Unit description

What literary techniques, genres and styles are called forth by the environmental challenges of our times? This applied writing unit looks at how nonfiction, as a human art-form, accesses the non-human world. In addressing contemporary ecological themes, students will have the opportunity to explore traditions in creative nonfiction, nonfiction poetry, lyricism, natural history, science, and public advocacy writing. Skills developed include place-based observation, writing about embodiment and landscape, writing about animals, scientific storytelling and the use of primary resources. At the conclusion of the unit students will submit a writing folio developed throughout the workshop series.

## General Assessment Information

### Assessment Submission Guidelines

**Marking rubrics** will be provided for written assessment tasks. A portion of marks for each written assessment piece will be assigned to **presentation**.

All written assessments are to be submitted through **Turnitin** (unless otherwise specified) in word document format.

As near as possible, **word counts** should be adhered to. Students who exceed the total word count for formal assessment pieces by up to 10% will not be penalised. Students who fall short of the total word count for formal assessment pieces by under 10% will not be penalised. *Outside of these margins* grades will be impacted by at least 10% of the total mark, in accordance with English Department policy.

It is each student's responsibility to ensure work is submitted by the due date. **Extensions** need to be negotiated with your instructor *prior* to an assessment's due date, and will only be granted in exceptional, unforeseeable circumstances. Extensions will not be granted for final assessments without a preemptive application lodged through Ask.Mq with supporting documentation (a Professional Authority Form).

### **Special Consideration Policy**

The University recognises that students may experience events or conditions that adversely affect their academic performance. If you experience serious and unavoidable difficulties at exam time or when assessment tasks are due, you can consider applying for Special Consideration. Link Below: <https://students.mq.edu.au/study/my-study-program/special-consideration>

### **Late Submission Penalty**

*Unless a Special Consideration request has been submitted and approved:*

1. *Penalty for lateness will apply – two (2) marks out of 100 will be deducted per day for assignments submitted after the due date – and*
2. *No assignment will be accepted more than seven (7) days (incl. weekends) after the original submission deadline. No late submissions will be accepted for timed assessments – e.g. quizzes, online tests.*

Written **feedback** from your instructor will be provided through the Turnitin interface, usually in the form of in-text comments. It will be beneficial for students to read all marking rubrics prior to submitting assessment, and to reflect on feedback from their instructor.

### University Grading Policy

The grade a student receives will signify their overall performance in meeting the learning outcomes of a unit of study. Grades will not be awarded by reference to the achievement of other students nor allocated to fit a predetermined distribution. In determining a grade, due weight will be given to the learning outcomes and level of a unit (i.e. 100, 200, 300, 800 etc.). Graded units will use the following grades:

HD	High Distinction	85—100
D	Distinction	75—84
Cr	Credit	65—74
P	Pass	50—64
F	Fail	0—49

### Plagiarism and Academic Honesty

Academic honesty is an integral part of the core values and principles contained in the Macquarie University Ethics Statement: <http://www.mq.edu.au/ethics/ethic-statement-final.html>. Its fundamental principle is that all staff and students act with integrity in the creation, development, application and use of ideas and information. This means that:

- All academic work claimed as original is the work of the author making the claim;
- All academic collaborations are acknowledged;
- Academic work is not falsified in any way;
- Academic work has not been previously or concurrently submitted for assessment elsewhere; *and*
- When the ideas of others are used, these ideas are acknowledged appropriately.

The link below has more details about the policy, procedure and schedule of penalties that will apply to breaches of the Academic Honesty Policy which can be viewed at: [http://www.mq.edu.au/policy/docs/academic\\_honesty/policy.html](http://www.mq.edu.au/policy/docs/academic_honesty/policy.html)

Breaches of academic honesty are taken seriously and can attract penalties, failure of the assessment task or the unit, or further disciplinary action depending on the severity of the dishonest conduct.
