Unit description

This distance education unit is designed for non-native speakers of Polish who already have a very basic knowledge of the Polish language and who wish to foreground and expand their Polish language skills at the introductory level before venturing onto the more difficult Intermediate program. It focuses on a variety of everyday essential topics to increase the students' knowledge of the Polish language and builds upon PLH120 unit outcomes.

Throughout the course students will be further developing speaking, listening, reading and writing skills, and will gain an overview of Polish grammar, which ultimately prepares them for PLH220/221 Intermediate Polish I and II. Much of the unit practice of listening skills and lexis is through oral exercises and activities.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

## General Assessment Information

Assignments 1 to 4 should be downloaded individually from the online unit, completed and submitted prior to the due date electronically for assessment through Turnitin. Instructions for submitting Turnitin assignments can be found in the online unit.

The Oral Test will be conducted online via Skype or in person before the Final Quiz and students are responsible to book a time in advance with the lecturer prior to the nominated Oral Test week.

The Final Quiz will be completed online electronically, within the allowed time, by following the

instructions provided.

Please note that all assessment due dates and times are based on Australian Eastern Standard Time (AEST).

Important note: To complete all assignments and the final quiz you must have access to Polish fonts on your computer.

**Specific instructions, detailed grading standards (such as rubrics) and indicative examples of assessment tasks are provided in the iLearn unit.**

### Electronic submission

Unless otherwise approved, all text-based assessment tasks will be submitted electronically using the University's electronic learning management system.

### Use of plagiarism detection software

Text-based work submitted by students for assessment will be subject to plagiarism detection software, such as Turnitin or similar approved software, unless otherwise approved.

Plagiarism detection methods are to be used on a routine basis to check student work or when plagiarism is suspected.

## Late Assessment Penalty

Unless a Special Consideration request has been submitted and approved, (a) a penalty for lateness will apply – two (2) marks out of 100 will be deducted per day for assignments submitted after the due date – and (b) no assignment will be accepted more than seven (7) days (incl. weekends) after the original submission deadline. No late submissions will be accepted for timed assessments – e.g. quizzes, online tests.

### Special Consideration Policy

All assessment tasks are compulsory and must be submitted on time. Students unable to meet due dates **must** apply for 'Special Consideration' via ask.mq.edu.

If a Special Consideration Application is either not submitted or not approved, the student will be awarded a mark of 0 for the task.

It is important that students work regularly at home using the Course Notes and Audio Lectures in order to cope with the unit workload. Whilst it is quite possible to complete the whole unit externally, as has been demonstrated by a number of students in the past, those students who have regular face-to-face contact with the lecturer and/or other students have proved to have higher academic achievements.

**Please note that there will be weekly Skype tutorials starting in Week 1 and running through to Week 13 excluding the mid-semester break. These tutorials are non-compulsory but highly recommended.**
