Unit description

This unit provides strong methodological and conceptual foundations for professional practice of social impact assessment (SIA) in urban planning. Using practice examples from New South Wales and Australia, it provides students with a foundation for applied social and environment studies in other areas.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

- 1 To develop a critical literacy and some practical skills in the field of social impact

assessment relevant to urban and regional planning and related applications

2 To develop knowledge and understanding of social impact assessment as a field of practice on contemporary urban and regional planning

3 To develop skills in identifying and using data relevant to SIA in urban and regional planning

4 To demonstrate research and written communication skills

5 To increase students' understanding of and sensitivity to social issues in urban and regional planning

General Assessment Information

There are three compulsory assignments in GEOP 812. Failure to complete any single assessment task will result in failure of the unit. The final grade is based on the total mark accumulated from all three assessment tasks. Detailed discussion of each task will be provided on the internal iLearn site and in class.

Slightly different arrangements regarding submission of assignments may be in place for internal and external students.

Unless a Special Consideration request has been submitted and approved, (a) a penalty for lateness will apply – two (2) marks out of 100 will be deducted per day for assignments submitted after the due date – and (b) no assignment will be accepted more than seven (7) days (incl. weekends) after the original submission deadline. No late submissions will be accepted for timed assessments – e.g. quizzes, online tests".

Assessment Tasks

Name	Weighting	Hurdle	Due
Scoping report	30%	No	21/03 19
Social profile	40%	No	2/05/2019
Photographic essay	30%	No	07/06/2019

Scoping report

Due: **21/03 19**

Weighting: **30%**

Using the resources provided and others that you research, prepare a scoping report that identifies likely social issues that should be considered for an SIA for specific development. The development will be identified in class.

Assessment criteria

1. Selection of relevant information for the introduction

2. Demonstrated linkage between the literature summary and likely social issues presented by this development
3. Clarity and succinctness of the scoping report

On successful completion you will be able to:

- 1 To develop a critical literacy and some practical skills in the field of social impact assessment relevant to urban and regional planning and related applications
- 2 To develop knowledge and understanding of social impact assessment as a field of practice on contemporary urban and regional planning
- 3 To develop skills in identifying and using data relevant to SIA in urban and regional planning
- 4 To demonstrate research and written communication skills
- 5 To increase students' understanding of and sensitivity to social issues in urban and regional planning

Social profile

Due: **2/05/2019**

Weighting: **40%**

Using information from publicly available sources, prepare a social profile of the areas around the site of a proposed development (type of development and precise location to be provided in class).

Assessment criteria

- 1 Relevance of data chosen for the social profile to the proposed development.
- 2 Clarity of presentation of the selected data
- 3 Demonstrated understanding of the likely or potential social impact issues revealed by the social profile.

On successful completion you will be able to:

- 1 To develop a critical literacy and some practical skills in the field of social impact assessment relevant to urban and regional planning and related applications
- 2 To develop knowledge and understanding of social impact assessment as a field of practice on contemporary urban and regional planning
- 3 To develop skills in identifying and using data relevant to SIA in urban and regional planning
- 4 To demonstrate research and written communication skills
- 5 To increase students' understanding of and sensitivity to social issues in urban and regional planning

regional planning

Photographic essay

Due: **07/06/2019**

Weighting: **30%**

This assignment requires students to prepare a photographic essay (photos plus analysis) of the use of a piece of social infrastructure either on campus (internal students) or in a public place (external students). Students must observe the Department of Geography and Planning's Photography Protocol when undertaking this assignment.

Assessment criteria

- 1 Design of method, sensitivity
- 2 Quality of visual presentation
 - a) quality of information in the taken photographs
 - b) quality of interpretation of visual materials
- 3 Clarity of short analysis

On successful completion you will be able to:

- 1 To develop a critical literacy and some practical skills in the field of social impact assessment relevant to urban and regional planning and related applications
- 2 To develop knowledge and understanding of social impact assessment as a field of practice on contemporary urban and regional planning
- 3 To develop skills in identifying and using data relevant to SIA in urban and regional planning
- 4 To demonstrate research and written communication skills
- 5 To increase students' understanding of and sensitivity to social issues in urban and regional planning

Delivery and Resources

This unit may be taken as an internal or external student. Internal students will meet on Thursdays from 10.0 am - 1.0 pm.

The delivery mode is lectures with integrated learning activities within the 3 hour time slot

Internal students should bring a laptop or similar to class for use in some class activities.

External students should follow guides on the iLearn site, including as presented in lectures, to these practice activities.

A reading list to accompany each topic in this unit will be provided
