Unit description

This unit examines the key issues currently facing all service and manufacturing organisations creating products across global markets. The primary aim of the unit is to illustrate the impact globalisation has on the value transformation process both within the organisation and across its value chain. The unit analyses in detail the link between globalisation and an organisation's competitive strategy, the management of its operations, the design of its products and processes, and the management of its supply chains, inventory and logistics.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

## Learning Outcomes

On successful completion of this unit, you will be able to:

Critically analyse the concept of globalisation, its historical evolution and its current state.

Evaluate the value creation process in the context of sustainability considerations for the firm

Develop problem solving, communication and collaboration skills in order to make effective recommendations

## Assessment Tasks

Name	Weighting	Hurdle	Due
<a href="#">Group Presentation</a>	30%	No	Weeks 3-13
<a href="#">Essay</a>	40%	No	Week 9
<a href="#">Participation</a>	30%	No	Weeks 3-13

### Group Presentation

Due: **Weeks 3-13**

Weighting: **30%**

**Group Presentation Assessment Summary Task Description** This assessment will require student to form groups of 3-4 (max.) and present an analysis of an allocated case study. This assessment is composed of two parts: a group mark on group presentation performance (15%); and an individual mark based on individual performance during the presentation (15%). While every group member will receive the same group mark for the group presentation performance, it is possible that each member will receive a different individual mark (and hence different total mark for this assessment task) as a result of differential performance at individual level. **Type of Collaboration** Group **Submission** Please Submit Via Turnitin Link on [iLearn](#). In Class Presentations commencing in Week 3 and concluding in Week 13. **Format** Please refer to the [iLearn](#) Unit page **Length** Presentations will be 30 minutes in duration **Inherent Task Requirements** None **Late Submission** No extensions will be granted. Students who have not participated in group presentation will be awarded a mark of 0 for the task.

This penalty does not apply for cases in which an application for [Special Consideration](#) is made and approved. Note: applications for [Special Consideration Policy](#) must be made within 5 (five) business days of the due date and time.

On successful completion you will be able to:

- Evaluate the value creation process in the context of sustainability considerations for the firm
- Develop problem solving, communication and collaboration skills in order to make effective recommendations

### Essay

Due: **Week 9**

Weighting: **40%**

**Essay Assessment Summary Task Description** For this individual assignment each student will need to prepare a research essay on an allocated topic. Students should search for information relevant to the topic and analyse key issues with reference to concepts and frameworks introduced in this unit **Type of Collaboration** Individual **Submission** Please Submit Via Turnitin Link on [iLearn](#) **Format** Please refer to the [iLearn](#) Unit page **Length** 2,000 word (excluding bibliography) **Inherent Task Requirements** None **Late Submission**

Late tasks must also be submitted through Turnitin. No extensions will be granted. There will be a **deduction of 10%** made from the total available marks for each **24 hour period** or part thereof that the submission is late (for example, 25 hours late in submission incurs a 20% deduction). Late submissions will be accepted up to 96 hours after the due date and time

This penalty does not apply for cases in which an application for [Special Consideration](#) is made and approved. Note: applications for [Special Consideration Policy](#) must be made within 5 (five) business days of the due date and time.

On successful completion you will be able to:

- Critically analyse the concept of globalisation, its historical evolution and its current state.
- Evaluate the value creation process in the context of sustainability considerations for the firm
- Develop problem solving, communication and collaboration skills in order to make effective recommendations

## Participation

Due: **Weeks 3-13**

Weighting: **30%**

### Participation Assessment Summary Task Description

There will be ongoing in-class activities during the semester that will form part of this assessment. These activities will include:

- A class test (to be held in Week 12) - 20%
- Participation and feedback during the lecture program (Weeks 1-13) and during the group presentations (Weeks 3-13). - 10%

**Type of Collaboration** Individual **Submission** Please refer to the [iLearn](#) Unit page. **Format** Please refer to the [iLearn](#) Unit page **Length** The in-class test will be held in Week 12 and will last for one hour **Inherent Task Requirements** The class test will require students to attend the class held in Week 12 **Late Submission**

## Learning and Teaching Activities

### Overview

This unit will be taught via the participant-centred, experiential learning method of teaching. Experiential learning takes place when a person is involved in an activity, then looks back and evaluates it, determines what was useful or important to remember and uses this information to

perform another activity. Students will participate in lectures, discussions, cases, video cases and experiential exercises in class. Students are advised to attend all lectures and participate in discussions, missing classes and not participating in discussions may affect your grades.

## Policies and Procedures

## Graduate Capabilities

### PG - Discipline Knowledge and Skills

Our postgraduates will be able to demonstrate a significantly enhanced depth and breadth of knowledge, scholarly understanding, and specific subject content knowledge in their chosen fields.

This graduate capability is supported by:

### Learning outcomes

- Critically analyse the concept of globalisation, its historical evolution and its current state.
- Evaluate the value creation process in the context of sustainability considerations for the firm
- Develop problem solving, communication and collaboration skills in order to make effective recommendations

### Assessment tasks
