Unit description

This unit provides a strong theoretical and practical knowledge of the strategic importance of management accounting. It emphasises the importance of correct understandings of environmental and organisation analysis. It stresses that management accounting must provide the correct knowledge that is critically important for effective decisions by management. In the increasingly competitive global business environment this knowledge includes not only financial issues but vitally important environmental and social concerns. The unit identifies the 'strategic management accountant' as a key member of organisation strategy development teams. It discusses the importance of the strategic management accountant acting as a moral compass within organisations being a key player involved in corporate social responsibility measurement and reporting and stakeholder recognition. This unit is undertaken concurrently with the student being also enrolled in the Strategic Management Accounting segment of the CPA Australia Professional Program.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

Investigate strategic management decision making in order to understand how management accounting is essential to the creation, management and enhancement of value within entities and for societies.

Integrate and apply the correct accounting tools and processes relevant to the selection, planning, implementation, control and monitoring of ongoing operations and of unique projects.

Assess the characteristics of value chain analysis at both industry and organisational levels in order to ensure the design and construction of effective value adding strategies and activities and effective value drivers and value chains within an entity.

Formulate ethical strategic and corporate social responsibility related performance measurement and controls systems within an entity and for the benefit of society generally.

General Assessment Information

To be eligible to pass the unit it is necessary to:

·Gain the necessary knowledge by preparing fully and attending classes regularly **and attempting ALL assessment components.**

·**Obtain at least a PASS assessment in the CPA external examination.** Note that if you do

NOT pass the CPA Australia CPA104 SMA exam then you cannot attain a pass in this unit in this Session.

Obtain at least half marks for the 70% comprising Macquarie University assessment.

Where a student attains at least 35 (ie scores 50% of 70 marks) in the Macquarie University assessment but fails the CPA Australia CPA104 SMA Exam then an Incomplete grade may be awarded. The I grade may remain in place for up to twelve months pending successful completion of the CPA Australia CPA104 SMA Exam in a subsequent Session at which time the I grade may be replaced by a substantive pass grade. This statement is general information and is NOT policy advice so students in this position must contact administration to ensure they gain precise advice on their position and the rules.

Turnitin and Text Based Assignment Submission [university policy]

Unless otherwise advised in this Assessment Guide (and therefore approved) all text based assessments must be submitted through Turnitin according to instructions provided in the unit guide and/or on iLearn. It is the student’s responsibility to ensure that work is submitted correctly prior to the due date and time. No hard copies of assessments will be accepted and only Turnitin records will be taken as records of submission.

Multiple submissions are not allowed. Please refer to these instructions on how to submit your assignment through Turnitin and access similarity reports and feedback provided by teaching staff. Should you have questions about Turnitin or experience issues submitting through the system, you must inform your unit coordinator immediately. If the issue is technical in nature may also lodge OneHelp Ticket, refer to the IT help page.

It is the responsibility of the student to retain a copy of any work submitted. Students must produce these documents upon request. Copies should be retained until the end of the grade appeal period each term. In the event that a student is asked to produce another copy of work submitted and is unable to do so, they may be awarded zero (0) for that particular assessment task.

Assessment Tasks

Name	Weighting	Hurdle	Due
<u>1. In Class Test</u>	10%	No	wkb 18/2/19
<u>2. Class Test 2</u>	30%	No	During Week 10 date TBA
<u>3. FINAL EXAMINATION</u>	30%	No	as advised by CPA Aust
<u>4. Group Assessment Task</u>	30%	No	various due dates

1. In Class Test

Due: **wkb 18/2/19**

Weighting: **10%**

Task Description:

A 1 hour test taken in class covering 15 multiple choice questions and 2-3 short answer

questions. This will cover weeks 1- 3 and modules 1-3.

It will **not** be an open book test

Type of Collaboration: This is an individual assessment. **Submission:** The test will be held in the wkb 18/2/19 in class **Format:** The test will be held online in the computer labs **Length:** 1 hour **Inherent Task Requirements:** In class test **Late Submission:** No extensions will be granted. Students who have not submitted the task prior to the deadline will be awarded a mark of 0 for the task, except for cases in which an application for special consideration is made and approved.

Feedback: Student marks will be returned and the questions reviewed in the following lecture

On successful completion you will be able to:

- Investigate strategic management decision making in order to understand how management accounting is essential to the creation, management and enhancement of value within entities and for societies.
- Integrate and apply the correct accounting tools and processes relevant to the selection, planning, implementation, control and monitoring of ongoing operations and of unique projects.
- Assess the characteristics of value chain analysis at both industry and organisational levels in order to ensure the design and construction of effective value adding strategies and activities and effective value drivers and value chains within an entity.
- Formulate ethical strategic and corporate social responsibility related performance measurement and controls systems within an entity and for the benefit of society generally.

2. Class Test 2

Due: **During Week 10 date TBA**

Weighting: **30%**

Task Description:

The test will cover all of the CPA Australia Strategic Management Accounting Study Guide Modules and all related content (including readings, case studies, questions and solution) as well as all stated assumed prior learning/knowledge. The test will be conducted as a fully open book exam which is the same approach that you will see in the CPA Australia Final Exam.

The test will consist of multiple choice questions and also short answer style questions to be answered by students. The value of all questions will be stated clearly and all multiple choice questions will be the same value.

This Assessment Item is designed to comprise valuable formative assessment. Accordingly, very shortly after marking is complete, you will receive full feedback about this test in class. You will receive your own marked exam script (this will be re-collected at the end of the class) for review and discussion.

Type of Collaboration: Individual assessment **Submission:** The class test will be held during Week 10 of Classes and replaces Class 10. The precise date, time and location will be advised on iLearn and in classes. The test will have a duration of three hours (including 10 minutes reading time). It will be conducted as an invigilated exam and University ID will be required in the exam room. **Format:** Online exam held in computer labs **Length:** 3 hours **Inherent Task Requirements:** Class test prepared in accordance with structure of CPA exam.

Late Submission:

Extension: No extensions are possible for this specific formative assessment task so there will **not be a specific supplementary** test available for Assessment Task 2. Absence from this test, upon by the student submission of **correctly completed and submitted Special Consideration application**, which is approved by the relevant Faculty authority, will permit an alternative assessment examination.

Penalties: **Students who do not sit for Assessment Task 2 on the required date score zero marks for this assessment item and cannot pass this Unit.** Documented absence that is substantiated by a Special Consideration application which meets University requirements, and that is approved, will allow a student to sit the alternative assessment as discussed above in 'Extension'.

Feedback: Results will be posted on iLearn in week 11. Lecturers will provide feedback during class in week 11.

On successful completion you will be able to:

- Investigate strategic management decision making in order to understand how management accounting is essential to the creation, management and enhancement of value within entities and for societies.
- Integrate and apply the correct accounting tools and processes relevant to the selection, planning, implementation, control and monitoring of ongoing operations and of unique projects.
- Assess the characteristics of value chain analysis at both industry and organisational levels in order to ensure the design and construction of effective value adding strategies and activities and effective value drivers and value chains within an entity.
- Formulate ethical strategic and corporate social responsibility related performance measurement and controls systems within an entity and for the benefit of society generally.

3. FINAL EXAMINATION

Due: **as advised by CPA Aust**

Weighting: **30%**

Task Description: The CPA Australia examination is conducted by CPA Australia at a time and location designated by CPA Australia and according to rules and conditions set by CPA Australia. You can expect to be advised in writing of these rules and further exam

details. This written advice will be sent directly to you by CPA Australia and NOT by Macquarie University. Type of Collaboration: Individual Assessment **Submission:** Subject to the rules applicable to CPA Australia candidature **Format:** Subject to the rules applicable to CPA Australia candidature **Length:** Subject to the rules applicable to CPA Australia candidature **Inherent Task Requirements:** Subject to the rules applicable to CPA Australia candidature **Late Submission:**
Extension: Subject to the rules applicable to CPA Australia candidature

Penalties: Students who do not achieve at least a Pass grade in this exam will not be awarded a Pass grade in ACCG908. Students who do not achieve a Pass grade should discuss this with MACC administration staff.

On successful completion you will be able to:

- Investigate strategic management decision making in order to understand how management accounting is essential to the creation, management and enhancement of value within entities and for societies.
- Integrate and apply the correct accounting tools and processes relevant to the selection, planning, implementation, control and monitoring of ongoing operations and of unique projects.
- Assess the characteristics of value chain analysis at both industry and organisational levels in order to ensure the design and construction of effective value adding strategies and activities and effective value drivers and value chains within an entity.
- Formulate ethical strategic and corporate social responsibility related performance measurement and controls systems within an entity and for the benefit of society generally.

4. Group Assessment Task

Due: **various due dates**

Weighting: **30%**

Task Description:

Students will work in groups of 5 (students will be allocated to a group in week 1). The report should be handed in components as described below.

MCQ Questions (5%)

Due Date Week 7: Friday 15/3/19 5pm

- 5 MCQ per group member

Report (20%)

Due Date Week 10: wed 05/04/19 5pm

Complete 5000 word report is required based on an existing company.

Full Details with respect to the group Assessment can be found in the unit Assessment Guide.

Presentation (5%)

Due Date : Week 14 wkb 06/05/19

A 20 minute group presentation. Students will present the findings of their report with the class.

All group members are required to participate appropriately in all aspects of the Group Task. Detailed requirements are stated in the ACCG908 Unit Assessment Guide.

Type of Collaboration: The assessment has both individual and group components. Please ensure that you are familiar with the Assessment Guide which includes the requirements of the group assignment. **Submission:**

Students will be formed into groups with 5 members. Groups will select a target entity (usually a corporation) as the group's analysis, discussion and presentation topic. Any uncertainties, including group membership and topic selection, will be clarified or mandated by your lecturer in class. Full details are provided in the ACCG908 Unit Assessment Guide - available on iLearn.

The Group Report itself must be submitted via Turnitin and a Group Cover sheet that must be acknowledged and signed by all group members. The Turnitin procedure will be provided on iLearn and the Group Cover Sheet is included within the Assessment Guide.

Format: The report should be submitted online - refer to Assessment Guide **Length:** The report should be no longer than 5000 words. **Inherent Task Requirements:** Refer to Assessment Guide. **Late Submission:**

Extension: No extension will be granted.

Penalties: A mark of ZERO will be assigned for late submission or where all submission requirements are not met. Where any aspect of this assessment item is not completed on time and fully by a group member that group member will score zero marks for the entire assessment component (that is the student will score zero out of 30) unless a Special Consideration application is lodged according to university requirements and that application is subsequently approved.

Feedback: Feedback on reports and presentations will be made via iLearn to students 2 weeks following presentations

On successful completion you will be able to:

- Investigate strategic management decision making in order to understand how management accounting is essential to the creation, management and enhancement of value within entities and for societies.
- Integrate and apply the correct accounting tools and processes relevant to the selection, planning, implementation, control and monitoring of ongoing operations and of unique projects.
- Assess the characteristics of value chain analysis at both industry and organisational levels in order to ensure the design and construction of effective value adding strategies

and activities and effective value drivers and value chains within an entity.

- Formulate ethical strategic and corporate social responsibility related performance measurement and controls systems within an entity and for the benefit of society generally.

Learning and Teaching Activities

Learning and Teaching activities

Your class will meet on scheduled dates for a 3 hour seminar during the session. In between classes (and also in weeks where classes are not scheduled) you are required to continue your study and research and to work through the relevant modules in the CPA program as well as work on assessment tasks. Check iLearn each week before class for any last minute changes to class content, times or locations. Please note that you must not change between classes of each lecturer as in any week classes may not be exactly in parallel as each lecturer will carry course progress in minor ways consistent with the professional needs of students in each class as well as due to the impact of public holidays on classes. In each class there will be a Lecture/Seminar on issues involving the relevant content from the CPA104 Subject Book Module topics. Lectures will last about 2 to 2.5 hours and, to lessen your in-class writing burdens, notes will be provided

in advance on the iLearn system (formerly Blackboard). The address is www.ilearn.mq.edu.au. Students can access the Web site for ACCG908 from either their home/office or at University computers. In addition to lectures there will be in-class activities of various types, including assessed student work, for the balance of each 3 hour class period. For each Module, PowerPoint lecture notes will be placed on iLearn before the class. They are NOT intended to, nor do they stand alone nor do they in any way replace compulsory lecture attendance and FULL READING OF THE CPA Modules. They are provided for your convenience. You must also properly construct your own notes based on your own readings and you are expected to note and record any additional comments, supplements and corrections to these notes. You must not rely on lecturer provided notes for full study purposes. They certainly cannot be assumed as being a defined indicator of CPA exam content - you must learn fully from the CPA Australia Segment Study materials to be sure of success in CPA Australia examinations. Please see the schedule of classes and topics which is provided in this Unit Guide and as the "Class Diary" in the Unit Assessment Guide.

Changes from Previous Offering

The unit syllabus has been updated in minor ways in relation to dates and content coverage.

Research & Practice, Global & Sustainability

- **ACCG908 CPA Strategic Management Accounting identifies and requires the use of research sources and the practical application of sound academic approaches.** Multiple references are provided in the CPA Australia CPA Professional Program CPA104 Strategic Management Accounting Segment Study Guide.
- Additional relevant materials, including materials expanding on CPA references, will be placed on iLearn and these will be referred to in classes and will also comprise content for class seminar discussion.
- The unit requires students to conduct their own relevant research activities. References, including to legal sources, are provided. In the context of developing 'lifelong learning' skills it is important that students develop strong ability to conduct relevant systematic research. Effective Masters graduates must be able to identify research locations and construct targeted learning and experiential materials relevant to targeted needs.
- **ACCG908 CPA Strategic Management Accounting addresses global and sustainability issues as direct areas of study and as necessary implications arising from the materials, assessment and academic discussion and debate in classes/seminars.**
- We promote sustainability by developing an inherent ability in our students to research

and locate relevant information within the accounting discipline generally and in particular within the socially, environmentally and economically important area of Strategic Management Accounting.

- The unit addresses important issues in relation the application of sustainability concepts in a global context and their social, environmental and economic impact on stakeholders and societies generally.
- By developing and fine-tuning sustainability capabilities and global understandings within students, we aim to provide skills which will benefit our graduates' careers and societies generally.
