Unit description

This unit focuses on key aspects of the financial management of an organisation, including an understanding of the roles and responsibilities of the Chief Financial Officer (CFO). A variety of readings, resources and case studies are used in this unit to develop an understanding of the key issues that a CFO operating in either the private or public sector will be required to address. Students will apply relevant knowledge and skills, and exercise professional judgement as expected of a CFO, in taking or recommending decisions relating to the financial management of an organisation.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

Explain the role and responsibilities of the Chief Financial Officer and the finance function in an organisation including emerging issues.

Identify the financial and strategic consequences to an organisation of potential investment decisions as well as evaluate and make recommendations.

Identify the financial impact on an organisation of a proposed merger, acquisition or corporate re-organisation.

Apply and evaluate advanced treasury and risk management techniques.

Identify the role of international financial institutions in the financial management of multinationals including the relevance of the economic environment.

Assessment Tasks

Name	Weighting	Hurdle	Due
Assessed Coursework	15%	No	Throughout
Class Test	15%	No	Week 8
Assignment	15%	No	See iLearn
Exam	55%	No	Final Exam Period

Assessed Coursework

Due: **Throughout**

Weighting: **15%**

Task Description:

Homework exercises form a critical part in the study process, as they serve to reinforce concepts that are covered in class or online. Students have often failed a unit as they do not follow a disciplined approach over the session. To this end, students will be required to attend seminars with their weekly homework. The teaching staff will check that these are satisfactorily attempted.

The teaching staff will assess weekly homework on six (6) occasions without prior notice. Marks are awarded for the original effort, completeness and evidence that corrections are made as appropriate.

The homework component will be worth 12%, with each assessed submission counting for 2%. The remaining 3% will be based on the quality and frequency of the student's seminar participation. Students should be prepared to engage constructively in open discussions on relevant topical issues.

Type of Collaboration: Individual **Submission:** Please refer to iLearn **Format:** Please refer to iLearn **Length:** Please refer to iLearn **Inherent Task Requirements:** Please refer to iLearn **Late Submission:** No extensions will be granted. Students who have not submitted the task prior to the deadline will be awarded a mark of 0 for the task, except for cases in which an application for Special Consideration is made and approved.

On successful completion you will be able to:

- Explain the role and responsibilities of the Chief Financial Officer and the finance function in an organisation including emerging issues.
- Identify the financial and strategic consequences to an organisation of potential investment decisions as well as evaluate and make recommendations.
- Identify the financial impact on an organisation of a proposed merger, acquisition or corporate re-organisation.
- Apply and evaluate advanced treasury and risk management techniques.
- Identify the role of international financial institutions in the financial management of multinationals including the relevance of the economic environment.

Class Test

Due: **Week 8**

Weighting: **15%**

Task Description: The class test is a one-and-a-half-hour diagnostic summative assessment designed to let students demonstrate the knowledge and skills they have attained in the first six sessions. Further details on the class test including feedback are provided on the iLearn.

Type of Collaboration: Individual **Submission:** In class **Format:** Please refer to iLearn

Length: 1.5 Hours **Inherent Task Requirements:** Please refer to iLearn **Late Submission:** No extensions will be granted. Students who have not submitted the task prior to the deadline will be awarded a mark of 0 for the task, except for cases in which an application for Special Consideration is made and approved.

Where a Special Consideration application is approved, the student may be offered an alternative assessment or may receive a mark based on the percentage mark achieved by the student in one or more other assessment tasks, at the Unit Convenor's discretion.

On successful completion you will be able to:

- Explain the role and responsibilities of the Chief Financial Officer and the finance function in an organisation including emerging issues.
- Identify the financial and strategic consequences to an organisation of potential investment decisions as well as evaluate and make recommendations.
- Identify the role of international financial institutions in the financial management of multinationals including the relevance of the economic environment.

Assignment

Due: **See iLearn**

Weighting: **15%**

Task Description:

The purpose of the assignment is to allow students to put financial management concepts into practice in a real life setting and allow students to demonstrate their knowledge on a group basis. The assignment should help students reflect on their learning and link concepts learned in the unit to professional practice. In addition to a written assignment (7.5%), there is a group based presentation (7.5%) based on the assignment in which students are marked individually. This is a formative assessment designed to prepare students for the final exam. Further details on the assignment including the marking rubric for feedback are provided on iLearn.

Type of Collaboration: Group - Written (7.5%) and Individual - Presentation (7.5%)

Submission: Online **Format:** Please refer to iLearn **Length:** Please refer to iLearn **Inherent**

Task Requirements: Please refer to iLearn **Late Submission:**

Extensions

No extensions will be granted. Late tasks will be accepted up to 72 hours after the submission deadline.

Penalties

There will be a deduction of 10% of the total available marks made from the total awarded mark for each 24 hour period or part thereof that the submission is late (for example, 25 hours late in submission – 20% penalty). This penalty does not apply for cases in which an application for Special Consideration is made and approved.

On successful completion you will be able to:

- Explain the role and responsibilities of the Chief Financial Officer and the finance function in an organisation including emerging issues.
- Identify the financial and strategic consequences to an organisation of potential investment decisions as well as evaluate and make recommendations.
- Identify the financial impact on an organisation of a proposed merger, acquisition or corporate re-organisation.
- Apply and evaluate advanced treasury and risk management techniques.
- Identify the role of international financial institutions in the financial management of multinationals including the relevance of the economic environment.

Exam

Due: **Final Exam Period**

Weighting: **55%**

Task Description:

The exam is a summative assessment designed to let students demonstrate the knowledge and skills they have attained in the previous three assessments.

A closed book three-hour examination (with an additional reading time of 15 minutes) for this unit will be held. Further details about the final exam for this unit will be available in the final week of

classes and also on the unit web page (iLearn).

Type of Collaboration: Individual **Submission:** In exam. **Format:** Please refer to iLearn **Length:** 3 hours **Inherent Task Requirements:** Please refer to iLearn **Late Submission:** No extensions will be granted. Students who have not submitted the task prior to the deadline will be awarded a mark of 0 for the task, except for cases in which an application for Special Consideration is made and approved.

On successful completion you will be able to:

- Explain the role and responsibilities of the Chief Financial Officer and the finance function in an organisation including emerging issues.
- Identify the financial and strategic consequences to an organisation of potential investment decisions as well as evaluate and make recommendations.
- Identify the financial impact on an organisation of a proposed merger, acquisition or corporate re-organisation.
- Apply and evaluate advanced treasury and risk management techniques.
- Identify the role of international financial institutions in the financial management of multinationals including the relevance of the economic environment.

Changes from Previous Offering

Due to a change of textbook, the topics are re-ordered. There is an increase of 5% in the Final Exam weightage and a corresponding decrease of 5% in the Group Assignment weightage.

Research and Practice, Global and Sustainability

This unit addresses global and sustainability issues as direct areas of study and as necessary implications arising from the materials, assessment and academic discussion and debate in classes/seminars. We promote sustainability by developing ability in students to research and locate information within accounting discipline. We aim to provide students with an opportunity to obtain skills which will benefit them throughout their career.
